A neighborhood retail area (including supermarket, convenience shops, restaurants, laundry, beauty shop, copy service, travel agency, and bank uses) could range up to 5 acres. A community facilities area (including senior residential, homeless housing, elder hostel, health and social services facility, post office, small professional offices, and daycare facilities) could range up to 33 acres. An educational/training and institutional use area (including professional research development and biotech facilities, offices, administration, storage, conference and assembly halls, and health clinic) could range up to 35 acres. An active recreation area (including swimming pool, bowling alley, gymnasium, tennis courts, baseball fields, playfields and picnic area) could range between 8–14 acres. An open space area (recreation trails, creek restoration, conserved woodlands, wildlife habitat, and parkland) could range between 55–110 acres. A residential area (including variable mixes of market rate housing, single-family housing units, and/or medium density townhouses, live/work spaces, and senior/homeless housing) could range up to 82 acres.
